TUMMY TUCK SURGERY IN DELHI – ACHIEVE A FLATTER, CONFIDENT YOU

Are you struggling with loose abdominal skin, stubborn fat, or weakened core muscles that refuse to respond to diet and exercise? Tummy tuck surgery in Delhi, also known as abdominoplasty, offers a proven, long-lasting solution to help you reclaim a toned and sculpted midsection.

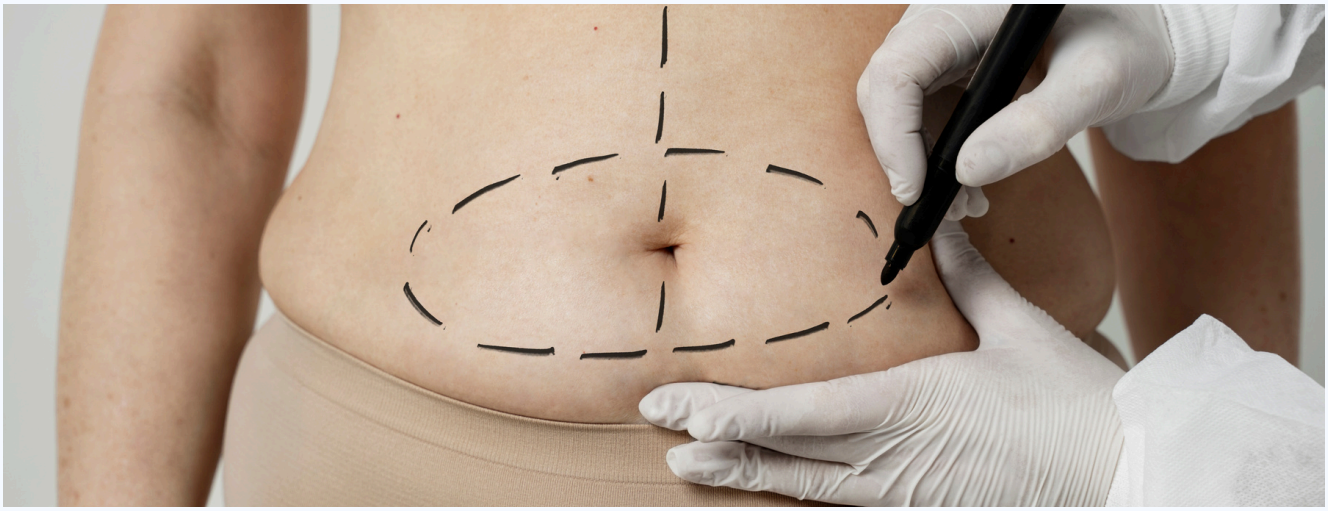
WHAT IS A TUMMY TUCK?

Abdominoplasty is a cosmetic surgical procedure that removes excess skin and fat from the abdominal area while tightening the underlying muscles. It is an ideal choice for individuals who have experienced significant weight loss, post-pregnancy body changes, or age-related skin laxity. The result is a smoother, firmer abdomen — and a major boost in self-confidence.

TYPES OF TUMMY TUCK PROCEDURES AVAILABLE IN DELHI

At Resplendent Cosmetics, Greater Kailash, South Delhi, patients can choose from three tailored approaches:

- **Full Abdominoplasty** – Targets the entire abdominal region for comprehensive contouring.
- **Mini Tummy Tuck** – A minimally invasive option focused on the lower belly, ideal for mild skin laxity.
- **Extended Tummy Tuck** – Addresses the abdomen, flanks, and hips for a dramatic overall transformation.



WHY CHOOSE RESPLENDENT COSMETICS?

Led by the experienced Dr. Sukhbir Singh, Resplendent Cosmetics combines advanced surgical techniques with personalized patient care. The clinic's state-of-the-art facility in South Delhi ensures safe procedures, natural-looking outcomes, and smooth recoveries.

TUMMY TUCK COST IN DELHI

The cost of tummy tuck surgery in Delhi typically ranges from ₹1.75 Lakhs to ₹2.75 Lakhs, depending on the complexity of the procedure, the surgeon's expertise, and the facilities utilized.
